## Dear Friends,

The **Market** is changing with new models, discontinuation of older vehicles we are familiar with. **Used car values** have been swinging abnormally the past few years based on supply issues. We monitor the market in order to give you our best advice. Now, we need to understand **Tariffs** and the impact they may have.

Remember, one of our services is "**Retail Your Ride**" whereby we help sell your current vehicle for hopefully more than **Dealer Trade In**. Also, we have direct access to many nice trades available for **Private Party Price**. Dealers don't sell yours and give you the money. We do!

Lastly, keep in mind I am also a **Licensed Michigan Real Estate Broker** of 30+ years. Our auto business covers expenses allowing me to offer a significantly lower commission to my clients, and who knows how to sell and close better than **Your Friendly Buickman?**

"We're not in the car business or real estate business, we're in the **People** business."

Superior Personal Service  
It's what we're passionate about.
